

# MCS Multifamily Roofing

**Matrix Construction Services** is a top roofing contractor for multifamily properties and a trusted partner for owners and operators seeking reliable, high-performance roofing solutions. Recognized as a best-in-class choice for large-scale roofing repair and replacement projects, Matrix delivers coordinated planning, system expertise, and structured execution.

## WE OFFER THE FOLLOWING ROOFING SERVICES:

### Roof Replacements & Repairs

We provide expert roof replacements and repairs that restore performance, address damage, and extend the life of your roofing system.

### Roofing Systems

We install high-quality roofing systems designed for durability, efficiency, and long-term protection across multifamily properties.

### Roof Maintenance & Ongoing Support

We offer proactive maintenance and ongoing support to identify issues early, extend roof life, and protect your investment.

### Sealing & Weatherproofing

We apply advanced sealing and weatherproofing solutions to protect your roof from moisture, UV damage, and harsh weather conditions.

### Roof Inspections

We conduct thorough roof inspections to assess condition, identify potential problems, and recommend the right solutions.

### Roof Leak Detection

We use advanced technology to accurately detect leaks and address issues before they cause further damage.
