

Exterior Paint & Repairs Services

Matrix Construction Services helps multifamily communities address worn surfaces, damaged trim, fading color, and visible exterior deterioration with scopes of work that align with property goals and budget needs. We deliver solutions with clear scopes, phased scheduling, and trade coordination that support strong results across building exteriors, trim packages, railings, doors, breezeways, and balconies.

WE OFFER THE FOLLOWING EXTERIOR PAINT & REPAIRS SERVICES:

Exterior Paint

We provide high-quality exterior painting services that enhance curb appeal, protect surfaces, and extend the life of your property's exterior.

Exterior Carpentry Repairs

We repair and replace damaged siding, trim, fascia, soffits, and other exterior wood components to restore structural integrity and a clean, finished appearance.
