

Interior Services

Matrix Construction Services provides interior renovation services for multifamily properties across Texas and California. Our team supports owners, operators, and property teams with interior work that ranges from single unit turns to larger renovation programs across multiple buildings, units, corridors, and shared spaces.

WE OFFER THE FOLLOWING INTERIOR SERVICES:

Kitchen & Cabinetry

We install high-quality cabinets, countertops, backsplashes, and fixtures that combine durability with elevated style.

Appliances & Smart Technology

We upgrade appliances and integrate smart technology to enhance efficiency, convenience, and resident experience.

Bathrooms & Plumbing Fixtures

We renovate bathrooms with modern fixtures, vanities, tile, and plumbing upgrades built for long-term performance.

Windows, Doors & Trim

We replace and repair windows, doors, and trim to improve functionality, security, and visual appeal.

Walls, Ceilings & Surfaces

We repair and finish drywall, apply paint, texture, and other surface treatments for a clean, consistent look throughout.

Flooring

We install a variety of flooring options including LVP, tile, carpet, and more to fit your budget and design goals.

Electrical

We handle lighting, outlet upgrades, panel work, and more to ensure safe, reliable electrical performance.

Fireplaces

We build, update, and refinish fireplaces to create inviting focal points that enhance the resident experience.

Specialty & Compliance

We address ADA upgrades, inspections, and code compliance to meet property standards and local requirements.
